CONGRESS OPENED

IRRIGATORS MEET IN
TWELFTH ANNUAL SESSION.

President W. A. Clark of the National Association, called the Meeting to Order This Morning—Convention Hall Holding 3000 People Was Well Filled by Delegates and Visitors—Many Papers to Be Read by Men of Prominence From All Parts of the United States—Clark Says to Save the Forests and Store the Floods.

El Paso, Texas, Nov. 15.—To the strains of American and Mexican national airs played by the Mexico City Regimental band the 12th annual National Irrigation Congress was opened here today for a four days' session.

The great convention hall, capable of seating 3000 persons, was comfortably filled when President W. A. Clark of Montana, called the delegates to order. After the usual addresses of welcome and responses adjournment was taken to 2 o'clock this afternoon.

The afternoon session was opened with the president's annual address. Senator Clark was enthusiastically received as he arose to deliver his address. His keynote was "Save the Forests, Store the Floods, Reclaim the Deserts, Build Homes." He was frequently interrupted by applause and was accorded a perfect ovation at the conclusion of his talk.

The announcement of committees and reading of letters and telegrams occupied the remainder of the general session, after which the delegates went into sectional sessions.

Addresses were made by Gifford Pinchot, chief of the forestry division on "Forestry"; Production by Irrigation," by I. D. O'Donnell of Billings, Mont.; Prof. E. Benjamin Andrews of the University of Nebraska, and Herbert Myrick, editor of the Orange Judd Farmer; "Engineering and Mechanics," by Frederick Newell of Washington, D. C., chief engineer of the reclamation service; "Climatology," by H. E. Williams of Washington, D. C., assistant chief of the U. S. weather bureau; "Rural Settlement," by William E. Smythe of San Diego, Cal.

The convention promises to be one of the most interesting and important gatherings of irrigators ever held. Particular effort has been made to secure addresses by experts of national reputation, and in this the executive committee has succeeded well.

One of the features of the gathering is an exhibit of raisins, dried fruits, nuts and wines, all the product of California, sent to El Paso by the California Promotion Committee.

BABY WEIGHS A POUND.

Smallest Child Ever Born Alive Now Seen in New York.

New York, Nov. 15.—"Tiny Tim," eight inches long, with an inch waist measure and 12 ounces in weight is declared by physicians to be the smallest baby in the world. He has been transferred from his improvised incubator, consisting of a basket of cotton, to a real incubator. His "meals" consist of four drops of lukewarm water, sterilized, and these he takes greedily.

Mrs. Dora Falk, mother of the infant, was slowly improving today. In trying to save her life Thursday Dr. Glass was compelled to give her all his attention. When he turned to the child, to his surprise, it gave signs of life. By immersing it in hot water Dr. Glass succeeded in getting eight respirations a minute. By alternating hot and cold baths, he succeeded in getting 14 respirations.

Disastrous Wrecks.

Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from throat and lung troubles. But since the advent of Dr. King's New Discovery for consumption, coughs and colds, even the worst cases can be cured, and hopeless resignation is no longer necessary. Mrs. Lois Cragg of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all throat and lung diseases by Tallman & Co., druggists. Price 50c and \$1. Trial bottles free.

Golden Rule Store.

By mistake of the factory the Golden Rule Store has about three times as many golf gloves as were ordered. Rather than return them, it has been decided by a big reduction in price to close them out. You ought to see the 50c values they are offering for 25c, and the 75c values which go for 48c.

Salvation Army Entertainment.

The local corps of the Salvation Army will give an entertainment at the barracks tomorrow evening, for the purpose of raising funds for general expenses. The entertainment will consist of literary, musical and stereoscopic numbers and promises to be highly interesting. Pantomimes, solos, recitations and musical selections will make up the program. J. A. Anderson will sing "The Holy City," which will be illustrated by a first-class stereopticon. All are cordially invited to the exercises. A small admission will be charged to help defray the expenses.

Doesn't Respect Old Age.

It's shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Life Pills. They cut off maladies no matter how severe and irrespective of old age. Dyspepsia, jaundice, fever, constipation all yield to this perfect pill. 25c at Tallman & Co.'s drug store.

See the crockery display in the large window at the Peoples Warehouse. Its well worth your time. On every dollar purchase you get a ticket on the \$81.50 gifts.

THE REAL TEST

Of Herpicide Is In Giving It A Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair vigors may look nice and smell nice, but the point is—do they eradicate Dandruff and stop falling hair?

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use." It is a delightful dressing, clear, pure and free from oil or grease.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.
